About Me

Passionate Computer Science undergraduate with strong academic standing and practical experience in full-stack web development. Skilled in building responsive, user-friendly applications and automating solutions through scripting. Enthusiastic about cloud platforms, backend logic, and solving real-world problems through code. Eager to grow as a software engineering intern and contribute meaningfully to impactful tech projects.

Education

Bennett University

B.Tech. in Computer Science Engineering (CGPA: 9.1)

Sept. 2023 – Present

Greater Noida, Uttar Pradesh

Holy Child Auxilium School Sr. Sec.

Senior Secondary Education (CBSE – PCM + Computer Science)

Apr. 2016 – Mar. 2023

Vasant Vihar, New Delhi

Projects

DocEase | *Next.js, Node.js, MongoDB, Cloudinary, NextAuth.js* | 🗄️ 🔒

- Built and deployed a full-stack doctor appointment platform with role-based login for doctors, patients, and admins.
- Integrated Google OAuth 2.0 using NextAuth.js with JWT-based session handling and secure local storage.
- Enabled real-time doctor availability, appointment booking, cancellation, and complete patient history tracking.
- Managed profile image uploads using Cloudinary and protected routes with token-based authorization.

Technical Skills

Languages: Python, Java, C, C++, HTML, CSS, SQL

Web Technologies: HTML5, CSS3, Bootstrap

Database: MySQL

Cloud: AWS (EC2, S3, Lambda)

Tools: VS Code, Eclipse, Figma

Version Control: Git & GitHub

Subjects: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Extracurricular

Blockchain Club

Core Team Member

- * Conducted campus workshops on blockchain technology and smart contracts.
- * Promoted awareness on decentralized applications and Web3 innovations.

Spring 2023 – 2024

Bennett University
