## EDUCATION

### Bennett University

B.Tech in Computer Science & Engineering (AI/ML Specialization)

CGPA: 8.25

Greater Noida, UP

Aug 2023 – May 2027

## TECHNICAL SKILLS

**Languages:** Python, JavaScript, C++, SQL

**Web Technologies:** HTML5, CSS3, DOM Manipulation

**AI / ML:** Machine Learning, Computer Vision, LLM Integration

**Frameworks & Libraries:** TensorFlow, scikit-learn, MediaPipe, OpenCV

**Tools & Platforms:** Git, Chrome Extensions API, REST APIs, Groq AI API

**CS Fundamentals:** Data Structures & Algorithms, OOP

## PROJECTS

### Student Buddy — AI-Powered Coding Mentor (Chrome Extension)

Oct 2025

*JavaScript, Chrome Extensions API, Groq AI, HTML/CSS, REST APIs*

- Built an AI-powered Chrome extension (9,000+ LOC) to mentor students in competitive programming with a **4.8/5 user rating**
- Integrated Groq AI for real-time code analysis across **14 programming languages** with automatic language detection
- Designed a 3-tier progressive hint system reducing direct solution views by **70%** and improving learning retention
- Implemented solution history, analytics dashboard, accessibility features, and performance tracking

### GazeRead — AI Eye-Tracking Accessibility System

Dec 2025

*Python, MediaPipe, OpenCV, NumPy*

- Developed a real-time eye-tracking system for hands-free PDF navigation achieving **94% accuracy at 30+ FPS**
- Designed gaze-detection algorithms reducing false triggers by **87%**
- Optimized computer vision pipeline to **15% CPU usage** and built user analytics dashboard
- Open-sourced the project with comprehensive documentation; validated with 15+ users across diverse conditions

## LEADERSHIP & HACKATHONS

- Smart India Hackathon (SIH):** Participated twice; cleared Round 1 in second attempt, securing **43rd rank out of 600+ teams**; served as **Team Leader**
- Project Showcase (College Level):** Led a team project presentation; responsible for system design, coordination, and final delivery
- Demonstrated leadership in problem breakdown, task delegation, and technical decision-making under time constraints

## ACHIEVEMENTS & CERTIFICATIONS

- Earned **LeetCode 100 Days of Coding Badge (2025)** for consistent daily problem-solving
- Completed **CodeHelp DSA Supreme 4.0** (5-month intensive program); received official recognition for consistency and performance
- Completed **Introduction to Generative AI** certification by **Google Skills**
- Active competitive programmer on LeetCode and CodeChef with sustained coding streaks
- Completed **Deloitte Australia Technology Job Simulation** (Forage)
