

Shripal Konchada

✉ shripalkonchada2@gmail.com ☎ 9861972575 📍 Berhampur, Ganjam, Odisha 📅 12 July 2005

Objective

Enthusiastic and self-motivated **B.Tech 3rd-year Computer Science student** with strong skills in Python, Java, C++, and Web Development. Hands-on experience in Artificial Intelligence, Machine Learning, and building full-stack web applications. Actively seeking internship opportunities to apply technical expertise and contribute to innovative projects.

Education

Bennett University <i>B.Tech- Computer Science & Engineering - Current CGPA: 8.1</i>	<i>Noida, UP</i> <i>2023 – Present (3rd Year)</i>
ODM Public School <i>Higher Secondary (Class XII) - Percentage: 78%</i>	<i>Bhubaneswar, Odisha</i> <i>2020 – 2022</i>
St Vincent's Convent School <i>Secondary School (Class X)- Percentage: 92%</i>	<i>Berhampur, Odisha</i> <i>2020</i>

Projects

AI-Based Drowsiness Detection System *Python, TensorFlow, OpenCV*

- Developed a deep learning model trained on a custom dataset to detect driver drowsiness.
- Integrated blink-rate and facial monitoring to trigger real-time alerts for road safety.

Banking Chatbot *Python, NLP, Flask*

- Built an intelligent chatbot capable of answering customer queries and simulating banking transactions.
- Implemented NLP techniques for accurate intent recognition and response generation.

Food Detection & Recipe Recommendation System *Python, TensorFlow, Streamlit*

- Implemented a CNN-based food recognition model to classify food images.
- Integrated a recipe recommendation feature based on detected food items.

Games4Autism – Web Platform for Autism Kids *HTML, CSS, JavaScript, Flask*

- Designed and developed an interactive gaming platform tailored for children with autism.
- Focused on improving memory, pattern recognition, and concentration through gameplay.

Skills

Programming Languages: Python, Java, C++

Web Development: HTML, CSS, JavaScript

Frameworks & Tools: Flask, TensorFlow, Keras

Databases: MySQL, MongoDB

Areas of Interest: Artificial Intelligence, Machine Learning, Full-Stack Development
