

ANUSHKA GUPTA

anushqagupta@gmail.com | +91 86046 47756 | [GitHub](#) | [LinkedIn](#)

EDUCATION

Bennett University, Greater Noida, India

B.Tech in Computer Science Engineering (AI Specialization)

Expected Graduation: April 2027

- **CGPA: 9.0 (up to Semester 4)**
- **Dean's List Award: Semesters 2 & 3**
- **Relevant Coursework: Statistical Machine Learning, AI/ML, Intelligent Model Design, Image & Video Processing**

TECHNICAL SKILLS

Programming: Python, C++

ML & AI: CNNs, Computer Vision, Model Evaluation, Data Preprocessing

GenAI: LLMs, RAG, LangChain, FAISS

Frameworks: PyTorch, Scikit-learn

Backend: FastAPI

Web: HTML, CSS, Javascript

PROJECTS

Breast Cancer Detection using Deep Learning | [GitHub](#)

- Built a **CNN-based medical image classifier** to detect benign vs malignant breast cancer
- Implemented comprehensive **data preprocessing and augmentation techniques** to enhance model robustness
- Optimized model performance using **hyperparameter tuning and validation strategies** to improve generalization on unseen medical images
- **Tech Stack:** PyTorch, OpenCV, NumPy, Pandas, Scikit-learn
- **Impact:** Achieved **92%+ classification accuracy** and reduced false negatives by **18%**, significantly improving early-stage cancer detection reliability

Intelligent Support Automation System | [GitHub](#)

- Built an **AI-powered internal support system** to auto-classify tickets and resolve repetitive issues
- Designed an **end-to-end pipeline** combining ticket ingestion, vector indexing, and LLM-based response generation for scalable internal support automation
- Integrated vector database for efficient knowledge retrieval and context-aware response generation
- **Tech Stack:** Scikit-learn, LangChain, FAISS, FastAPI, Python
- **Impact:** **Reduced manual support workload by 40%** through automated ticket deflection and enabled faster issue resolution with root-cause analysis

ACHIEVEMENTS

- **Dean's List Award for Academic Excellence** (Semester 2, 2025) - SGPA: 9.5
 - **Dean's List Award for Academic Excellence** (Semester 3, 2025) - SGPA: 9.6
-
