EDUCATION

Bennett University

Bachelor of Technology in Computer Science

Greater Noida, UP

Aug. 2023 – Present

EXPERIENCE

Web Developer (Contract)

FrePrish (Early-Stage Consumer Brand)

- Designed and developed a responsive static website using HTML, CSS, and JavaScript for a consumer-facing brand
- Enforced mobile-first layouts and cross-browser compatibility to ensure a consistent user experience
- Optimized frontend structure and assets to improve performance and long-term maintainability
- Deployed the website to a live environment and ensured accessibility and stability

PROJECTS

Apple Website Clone

React, Three.js, GSAP, Tailwind CSS

- Created a pixel-perfect clone of the Apple homepage using React and Tailwind CSS, replicating layout, typography, and interactions
- Integrated a 3D iPhone model using Three.js with @react-three/fiber and drei, implementing realistic lighting, materials, and camera movement
- Implemented interactive color selection to dynamically update the 3D model appearance, enhancing user engagement
- Engineered smooth scroll-based and timeline animations using GSAP to closely match Apple's signature UI/UX

Spotify Web Player Clone

HTML, CSS, JavaScript

- Launched a responsive Spotify home UI clone using HTML, CSS, and JavaScript, accurately replicating layout and visual design
- Applied a custom web-based audio player supporting play/pause controls, track progress visualization, and volume adjustment
- Built playlist browsing and search functionality using locally sourced audio files to simulate core Spotify user flows
- Deployed the application on Netlify, ensuring cross-device compatibility and stable performance

ICBMA Conference Website

React, Tailwind CSS, Framer Motion, GSAP

- Pioneered a responsive conference website using React and Tailwind CSS with multiple sections including about, speakers, schedule, and contact
- Executed smooth scroll-based and timeline animations using Framer Motion and GSAP to enhance user engagement and visual flow
- Built interactive UI components and section-based transitions to deliver a modern and intuitive user experience
- Deployed the website live and prepared it for integration into the university's official website

Myntra Homepage Clone

HTML, CSS, JavaScript

- Devised a responsive clone of the Myntra homepage using HTML, CSS, and JavaScript, focusing on layout accuracy and visual consistency
- Enforced responsive design principles to ensure proper rendering across desktop and mobile devices

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), JSX, Hooks, Responsive UI, REST API Integration

Backend: Node.js, Express.js, NestJS, Python, REST APIs, Authentication & Authorization, RBAC, Error Handling

Databases & Cloud: MongoDB, NoSQL Schema Design, Indexing, AWS EC2

DevOps & Architecture: Git, Docker, TypeScript, Microservices, Scalability Patterns, Logging & Monitoring
