Education

Bennett University, Greater Noida, UP

BTech Computer Science | CGPA: 9.66 | 3x Dean's List Awardee

August 2023 - August 2027

Pratap Public School, Karnal, Haryana

Class XII: 95.6% (School Topper) | Class X: 95.8% (Top 10)

March 2020 - March 2023

Experience

Imarticus Learning

Data Analytics Intern

June 2025 - July 2025

- Wrote Optimized SQL queries to analyze hospital data, significantly improving report generation speed.
- Conducted exploratory data analysis (EDA) on patient health records, identifying sleep disorder patterns that improved reporting accuracy.
- Created a Power BI dashboard analysing road accident data, enabling identification of high-risk zones and reducing manual analysis time.

HiTutor (EdTech Startup)

Frontend Development Intern

August 2025 - October 2025

- Developed responsive and scalable user interfaces using **React.js, JavaScript, and Tailwind CSS**.
- Implemented UI components by translating design requirements into functional, user-friendly frontend solutions aligned with product goals.

Projects

Wheel-O-Rent | React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS

April 2025

- Developed a full-stack car rental platform supporting concurrent users with real-time availability and secure role-based access.
- Designed a responsive React frontend with Tailwind CSS, enhancing the booking flow experience.
- Built REST APIs with Express.js and MongoDB to optimize database performance and reduce query latency.
- Deployed on Vercel, achieving high uptime and handling multiple test bookings efficiently.

Splitr – Expense Sharing App | Next.js, Convex, Clerk, Tailwind CSS

August 2025

- Engineered an expense-sharing application managing numerous transactions across multiple groups.
- Integrated Clerk authentication and Convex database for secure, real-time expense tracking with minimal latency.
- Designed a responsive UI in Next.js with automated settlement features to streamline expense management.
- Deployed on Vercel with multi-device compatibility and a strong early user base.

Technical Skills

Programming Languages: Python, C++, Java, JavaScript, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, Node.js, Express.js, Next.js, Tailwind CSS, NumPy, Pandas, Scikit-learn

Databases: MySQL, MongoDB

Data Tools: Power BI, Microsoft Excel

Version Control & Platforms: Git, GitHub, Vercel, Render

Certifications

- IBM Data Science (IBM) | Algorithmic Toolbox (Coursera) | Meta React (Meta)
