Profile Summary

Motivated and passionate B.Tech CSE (AI) student with a solid foundation in AI, ML, Python, and C++, eager to apply skills to real-world challenges. Actively seeking opportunities to contribute to innovative AI projects and grow technically.

Education

Degree/ Examination	Year of Graduation	Name of Institution	Performance (% /CGPA)
B.Tech	2026	Bennett University	8.1
XII	2022	Silver Line Prestige School	90
X	2020	St. Mary's Convent School	94.6

Projects

E-Commerce "shopiee" (HTML, CSS, Javascript, ReactJS, Bootstrap)

June 2025

- Developed an interface responsive e-commerce web application allows users to browse products, add them to a cart, and proceed to checkout. Shopping cart with add/remove functionality.

Drowsiness Detection System (Python, Lib: OpenCV, Keras)

Dec 2024

- Constructed a safety application, often used in vehicles, to monitor a driver's alertness and warn them if they are becoming drowsy or falling asleep.

Nightmare Fuel (HTML, CSS, JavaScript)

May 2024

- Built a responsive web app for anonymously posting and viewing horror stories with interactive features like likes, comments, and modal-based story previews. Implemented dynamic story rendering, modal-based story previews, and CRUD functionality, Added interactive features such as likes, comments.Used MVC Model approach.

Web Scraping (Python, Lib: selenium, web driver)

Sept 2023

- Created a backend software for extracting large amounts of data from websites. Using integrated css in popular websites to locate the data and then fetching it using the keyword.

Key Skills

Languages: Java | C++ | Python | HTML/CSS | Javascript

Frameworks: Tensorflow | Scikit-learn | Numpy | Pandas

Databases : MongoDB | Mysql

Technical Skills: Data Structures and Algorithms | Machine Learning | Deep Learning

Other Skills: Teamwork | Content Writing | Problem Solving | Mentorship | Versatility

Certificates

- Introduction to TensorFlow for Artificial Intelligence, Machine Learning, and Deep Learning [certificate](#)
- The Bits and Bytes of computer Networking [certificate](#)
- Fundamentals of Network Communication [Certificate](#)
- Algorithmic Toolbox [certificate](#)

Other Works

- Co-authored a research paper on distributed training using Federated Learning with TensorFlow Federated, enhancing model accuracy while preserving data privacy. [Link](#)

Extra- Curricular Activities

- among the Top 3 Basketball players from my institute at the Zonal Level.
- Volunteered as a member of the Logistics Team at cultural fest in my university.
