Projects

AI SaaS Application — PERN Stack 2025

- Developed SaaS platform with subscription billing and secure authentication.
- Integrated AI tools: Article/Blog Generators, Image & Background Remover, Resume Analyzer.
- Used Neon PostgreSQL for scalability; deployed APIs with OpenAI.

Movie Ticket Booking Website — MERN Stack 2025

- Built platform with authentication (Clerk), movie browsing, seat selection, and payments.
- Admin dashboard for managing movies/bookings; Inngest for automated email alerts.
- Smart payment handling with 10-min seat reservation after failed transactions.

Real-Time Chat App — MERN + Socket.io 2025

- Built chat app with live messaging, image sharing, and presence tracking.
- Implemented authentication and Tailwind CSS UI.

Leadership & Experience

Head, DevOps Club — Bennett University 2024–25

- Organized workshops and sessions on DevOps practices for 50+ students.
- Structured learning modules and invited guest speakers.

Organizer, Mentorship Programme (AR/VR) — Bennett University 2023

- Designed mentorship tracks for AR/VR enthusiasts, guiding 30+ students.
- Focused on curriculum structuring and hands-on skill development.

Smart India Hackathon Finalist 2023

- Contributed to AI-powered social impact prototype; worked on model integration and presentation.
