SUMMARY

A frontend developer with a strong backend background, fueled by a genuine love for technology and a curiosity about business and finance. I thrive on solving new challenges and take pride in creating innovative solutions that can make a real difference for your team.

EDUCATION

B.Tech in Computer Science and Engineering

2023 - 2027

Bennett University

- First year CGPA: 9.07
- Second year CGPA: 9.03

St. Andrews Scots Senior Secondary School

2011 - 2023

- 12th Percentage: 90.6
- 10th Percentage: 96

INTERNSHIP EXPERIENCE

A frontend developer

[Live demo](#)

Aug'24 - Oct'24

- Built a demo of the new version of the homepage for a B2B SaaS startup.
- Used react router to link multiple pages within the page, added minor-animations for a smooth experience.
- Successfully transformed a Figma design into a fully functioning frontend website.

PROJECTS

An ecommerce website

[Live demo](#)

- Built a fully functional e-commerce frontend replicating Nike's website using React, showcasing expertise in reusable UI components and state management.
- Optimized website performance, achieving significant page load time improvements and enhancing user experience, by leveraging React's virtual DOM and optimizing component rendering.

iPhone 15 Pro landing page

[Live demo](#)

- Built a visually stunning iPhone 15 Pro homepage clone using React, showcasing expertise in reusable UI components, state management, and performance optimization.
- Utilized GSAP for complex animations and micro-interactions, and Three.js for 3D elements, creating a rich and immersive experience.

POSITONS OF RESPONSIBILITY

Placement Coordinator

June'25 - Present

- Coordinating various placement drives, working with the Placement department and company representatives to ensure a smooth interview process.
- Working as a bridge between the students and the Placement department to ensure all their requirements and needs are addressed by the Placement Department.

Tech team member (FullStack Club)

Sep'23 - May'24

- Built the official site of FullStack Club using ReactJs, Tailwnd.
- Coordinated with other members of the team showcasing my communication skills and teamwork.

CERTIFICATIONS

- [Algorithmic Toolbox](#)

A beginner-friendly C++ specialization covering fundamentals to object-oriented programming for automation tasks and larger applications

- [Introduction to Front-End Development](#)

Introduction to Front-End Development course by Meta covering web development fundamentals through Coursera.

KEY SKILLS

HTML, CSS, JavaScript, React, Tailwind CSS, NodeJS, Express, C++
