

SKILLS

Technical Skills: Data Analysis, Data Visualization, Software Project Management, Agile Methodologies, C++, SQL, Python
Analytical Tools: JIRA, Tableau, TensorFlow, Excel, Pandas, Seaborn, MATLAB
Soft Skills: Communication, Problem Solving, Critical Thinking

EXPERIENCE

Trawell <i>Co-Founder</i>	Ghaziabad, India <i>Jul 2025 – Present</i>
Leading product strategy and development for a travel technology platform, conducting market research and competitive analysis to identify user needs and market opportunities	

PROJECTS

Landmark and Scene Detector <i>CNN, Vision Transformer, Computer Vision</i>	Personal Project <i>Nov 2025 – Present</i>
- An AI-powered system to classify Indian architectural landmarks from images. - Manually Web-Scraped entire data of 9000+ images - Applied various Deep Learning techniques to classify the images.	
Smart Traffic automation system <i>Reinforcement Learning, DQN, Object detection</i>	Academic Project <i>Sep 2024 – Dec 2024</i>
- Working on a traffic automation system to optimize traffic light signal timings - Using Reinforcement Learning to predict the optimal traffic light durations - Aims to reduce vehicle wait times and alleviate congestion	
Music Genre Classification <i>CNN, Mel Spectrogram, VAE, Librosa</i>	Academic Project <i>Apr 2024 – May 2024</i>
- Classify the genre of music by converting audio to spectrograms - Save Spectrograms as image to perform classification - Similar music generation using Variational Autoencoders (VAE)	

CERTIFICATIONS

Neural Networks and Deep Learning	DeepLearning.AI
Machine Learning Operations (MLOps) with Vertex AI	Google Cloud
Machine Learning Specialization	DeepLearning.AI

EDUCATION

Bennett University <i>Bachelor of Technology in Computer Science; GPA: 9.16/10.0</i>	Greater Noida, India <i>Sep 2023 – Mar 2027</i>
Relevant Coursework: Software Engineering, Data Structures, Algorithms, Database Management Systems, Artificial Intelligence & Machine Learning	

ACHIEVEMENTS

- Achieved Dean's list award for excellent performance in 1st Semester
- Completed multiple certifications related to project management, showcasing commitment to continuous learning and technical skill development
